Flexible Salon Chair Rental at Church Street Studio in the Heart of Windermere

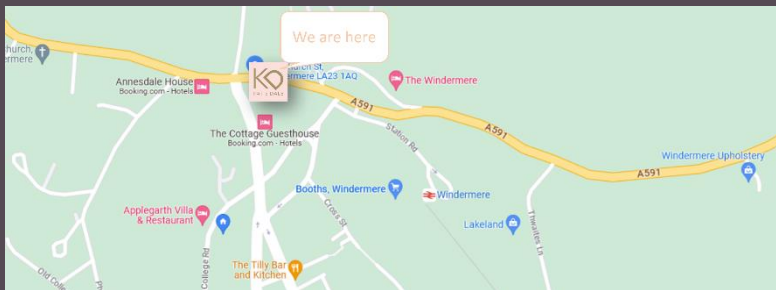

Having been a freelance hairdresser / hair stylist around Windermere myself for over 20 years, and recently having children of my own, I know how difficult it can be hosting clients in our homes for appointments, or how time costly and tiring working mobile can be.

That's why I'm pleased to announce that I have opened a brand-new salon space, Church Street Studio, which is right in the heart of Windermere, only a few minutes' walk from the village centre and train station. I am using this salon myself a few days each week and am also offering other hairdressers, make-up artists and stylists the opportunity to hire a chair on a completely flexible, pay as you go basis.

I have two chairs and a backwash available in this comfortable, cosy and modern salon space.

The hire fee is £15 per chair per hour or £50 per chair per day.

If you'd like to try before you buy – I'll offer your first one-hour hire free of charge. Please contact me for further information!
